**Just A Friendly Reminder -
Make Your Appointments Now, Before
Insurance Rolls Over January, 2011!**

Most insurance benefit plans have a calendar year maximum that does not roll over from year to year. If you don't use your benefits, then you will lose the benefit from your insurance coverage for the 2010 calendar year.

Each year our schedule is very busy in November and December, as patients have necessary treatment completed to take advantage of their dental benefits. If you wish to have your dental treatment completed before the end of the year, please call Michelle soon at 757-546-5262 or email Michelle@tccrd.com to schedule your next appointment.
